

The role of a Just Transition and its nexus with carbon pricing

Luca Lo Re, International Energy Agency

PMIF Knowledge Forum, 5th July, 2022 - Madrid

Clean energy jobs will grow strongly but must be spread widely

New jobs are not created in the same places where jobs are lost

Employment growth in clean energy and related areas to 2030

12 recommendations around four themes:

1. Decent jobs and worker protection;
2. Social and economic development;
3. Equity, social inclusion and fairness; and
4. Engaging people as active participants.
